Information, [info@americasalfalfa.com](mailto:info@americasalfalfa.com)

We are America's Alfalfa®. And we pledge allegiance to your success. We believe in doing more than providing the only Traffic Tested® alfalfa seed available. It's our duty to partner with the farmers who buy it. We take pride in helping you overcome challenges and seize opportunities. We offer a full line-up of HarvXtra® alfalfa with Roundup Ready® technology, Roundup Ready® Technology alfalfa and conventional alfalfa.

*Forage Genetics International is a proud sponsor  
of the World Alfalfa Congress.*
