CROPLAN offers high end seed genetics loaded with the latest trait technology. Data and intelligence from extensive Answer Plot® research and testing. And a highly skilled retail sales force that not only understands seed, but understands fertility, crop protection, fungicide and all the other decisions you need to help be successful. So, plant CROPLAN seed. Because the key to maximizing your ROI isn't one thing. It's everything.

CROPLAN is a proud sponsor of the World Alfalfa Congress.
