Phil Miller, phil.miller@lgseeds.com

The LG Seeds you know today is built on a collective 230+ year legacy of six powerful seed brands: LG Seeds, Great Lakes Hybrids, Wensman Seed, Golden Acres® Genetics, Producers Hybrids, and Eureka Seeds. The roots of these brands date back to 1921. Today, LG Seeds is a dealer-driven, national seed company offering solid agronomic support, straightforward service, and consistent plant performance.

*LG Seeds is a proud Platinum Sponsor of the
World Alfalfa Congress.*
