Valley Irrigation founded the center pivot irrigation industry in 1954, and our brand is the worldwide leader in sales, service, quality and innovation. With historical sales of more than 250,000 center pivots and linears and more than 123,000 connected ag devices, Valmont-built equipment annually irrigates approximately 25 million acres (10 million hectares) around the world, helping growers produce greater yields while conserving water and energy resources. We remain dedicated to providing innovative, precision irrigation solutions now and into the future.
